

An Outreach Ministry of
St. Thomas Community Presbyterian Church
and Our Surrounding Community

Mission Statement

Our goal is to empower women worldwide and create positive changes by sharing a little of the opportunities that we have been given so that we can help change HERStory and she can change HER world.

Vision Statement

Motivated by our Christian faith to be compassionate and do justice, the women from St. Thomas Community Presbyterian Church formed Changing HERStory. Our Vision is:

- To invite and welcome other women, regardless of their faith or beliefs, whose goals align with our mission to learn about women’s issues in extreme poverty and then to empower the women living in extreme poverty to transform their lives through entrepreneurial activities;
- To honor the dignity of each woman by empowering her through sustainable personal economic development;
- To prayerfully pool our resources to invest globally in women living in extreme poverty, regardless of their faith or beliefs; and
- To seek to understand and educate ourselves and others.
